ONGOING THESIS

» Miora Andrianjafimasy

"Occupational exposure to cleaning products and asthma: role of biomarkers related to oxidative stress "

Specialty: Epidemiology

Research director: Rachel Nadif, Orianne Dumas

Paris Saclay University

» Roland Andrianasolo

"Nutrition and asthma in the NutriNet-Santé cohort"

Specialty: Epidemiology

Research director: Raphaëlle Varraso, Pilar Galan
Paris XIII University

» **Diane Godeau**

"Work disability definition and epidemiology. Example of shoulder disorders."

Specialty: Epidemiology

Research director: Alexis Descatha

Paris Saclay University

» **Anaïs Havet**

"Impact de la pollution de l'air sur la santé respiratoire dans deux cohortes françaises"

Specialty: Epidemiology

Research director: Rachel Nadif, Régis Matran

Lille 2 University

» **Bénédicte Mittaine-Marzac**

"Impacts on health outcomes and resources utilization of hospital at home for elderly patients with multiple myeloma"

Specialty: Epidemiology

Research director: Philippe Aegerter, Matthieu de Stampa

Paris-Saclay University

» **Benjamin Landré**

"Epidemiology of frailty in two French cohorts"

Specialty: Epidemiology

Research director: Joël Ankri, Marie Herr

Paris-Saclay University

» **Pierre Lemire**

"Household exposure to cleaning products and respiratory health"

Specialty: Epidemiology

Research director: Nicole Le Moual, Valérie Siroux

Paris-Saclay University
